2026 Area 22 Weekend Assembly – Cost Transparency

We want to be transparent about this year's retreat costs. In 2025, registration was \$195 per person. This year, we estimate it will be around \$250 per person — possibly more.

Why the increase?

- In 2025, we had 44 attendees but were billed for 64 meals per service.
- This mismatch caused a \$2,000 shortfall that Area 22 had to cover.
- We're basing 2026 pricing on more accurate projections to avoid repeating that.

We've also been informed that meal prices may increase in early 2026. We're doing our best to lock in rates, but that change could impact the final cost.

How you can help:

- Register early when it opens
- Encourage your friends, home group members, and sponsees to come
- Announce the retreat in meetings and share flyers at your district and group levels
- Let people know this is one of the most powerful weekends of service, connection, and recovery in Area 22

The more people who attend, the stronger our fellowship becomes. Help us spread the word and make this year's retreat one to remember.

Thank you for helping make this weekend possible — together in unity, service, and recovery.

One last thought: We've got 278 days until the retreat. Set aside just \$1 a day, and by the time we get there, you'll have enough to cover the cost.
